

Everything is just right...until she turns his life upside down...It doesnt take anything fancy to make Jared Gordon a happy man. A slice of his mamas pie, a pretty girl, a well-bred horse. Life on the farm is just how he likes it. Simple. Until a big-city girl blows into town like a tornado hitting a trailer park. Quintessentially small-town Pigeon Hollow has everything L.A. producer Mandy Morris needs for her new reality show. A smoldering deputy sheriff, a quirky diner owner and a horse farm complete with a hunky horseman. If her own instant attraction is any indication, Jared will have the female demographic glued to their sets. Except the red-hot cowboy is cool to the idea of cameras in his face. And the harder she negotiates, the deeper he digs in...until their head-butting strikes sparks that fan a prairie fire of unexpected passion. She doesnt usually mix business with pleasure, but as Pigeon Hollows charm works its magic, the youngest Gordon brother has Mandy rethinking many things. Like happiness doesnt have to end with the word cut. Warning: Contains one hot shirtless cowboy taking a city girl for a roll in the hay...and a few other places.
