

Clearly this wasn't just another New Years Eve, but if anything would have surprised obstetrician—yet baby-phobic—Claire Wainwright more than the little pink bundle on her snowy doorstep, it was who came when she called for help: Nick Campisano. the man she sent packing years ago...and had never gotten out of her heart. Back then he'd wanted more than she thought she had to give. Now, snowbound with Nick and baby for days on end, she was the one wanting more—of him, in every possible way. Was this one old acquaintance destined not to be forgotten?
